See 'An Inconvenient Truth' with Wildlife Queensland – book now

Wildlife Queensland's **Protecting our Bushland** campaign is asking the Queensland Government to take account of how climate change will affect our environment and our wildlife. **Now climate change is coming to a cinema near you...**

Wildlife Queensland, in association with the Palace Centro Cinema, invites you to a special screening of the new film **An Inconvenient Truth**, featuring the environmental activist and former Vice President of the USA, Al Gore

This controversial new documentary is an entertaining presentation of irrefutable evidence that rising carbon dioxide emissions are changing our climate. See the movie that everyone is talking about – and support our campaign.

Tickets are only \$20 each – entry includes a glass of champagne or soft drink. Please note that bookings are essential and tickets are not refundable.

When: Friday 22 September, 6.15pm for 7pm

Where: Palace Centro Cinema, James Street, Fortitude Valley Q 4006

All proceeds to Wildlife Queensland's Protecting our Bushland Campaign.
