

Dear Friends

Wildlife Queensland's strength as an organisation lies in its ability to protect wildlife, influence choices, engage communities. These are actions we undertake with your generous support.

Your donation will help protect Queensland's wildlife through ongoing campaigns to protect and ensure proper management of coasts, national parks and all habitat land; and to influence reform of environmental laws.

Our influence is evidenced through campaigns and projects across the state. These include:

- ◆ Campaigning against the use of **Opera house nets** and other enclosed yabby traps that kill **platypus**, and other native species such as **turtles, Australian water rats** and **water birds**.
- ◆ Lobbying for border to border **Marine Parks** for Queensland with particular focus on the Gulf including the Wellesley Islands.
- ◆ In western Queensland focus has been on **Stock Route Networks** as well as effective management of water associated with the rapidly expanding **Coal Seam Gas** industry.
- ◆ Part of an alliance of community groups and organisations concerned about the future of **North Stradbroke Island** asking to put a stop to sand mining on NSI and declare it a National Park.
- ◆ The expansion of **National Parks** and enhanced management of **feral animal control** within.
- ◆ Campaigning against the **Rocky Springs Development** in Townsville due to impacts on threatened species and the reef.
- ◆ **Quoll Seekers Network** continues to go from strength to strength. Community awareness of quolls, active participation in the Network as well as the need for urgent conservation measures continue to increase.

Please support the work of the society, it has been a substantial voice for Queensland conservation for nearly 50 years, and is needed now more than anytime in the past.

Thank you from the Staff and Volunteers of Wildlife Queensland
